One day in 2011, Daniil, a 13-year-old Russian boy, was going for a walk on a beach with his parents when he saw something on the sand. It was a bottle and there was something in it.

He opened the bottle. Inside, there was a piece of paper that was wrapped in clear plastic. Through the plastic, Daniil could see some writing on the paper. It was a message in German. Daniil's father knew a little German and he read it. The message said, 'My name is Frank, and I'm five years old. My dad and I are travelling on a ship to Denmark. If you find this letter, please write back to me, and I will write back to you.' On the paper was Frank's address in Germany and a date in 1987.

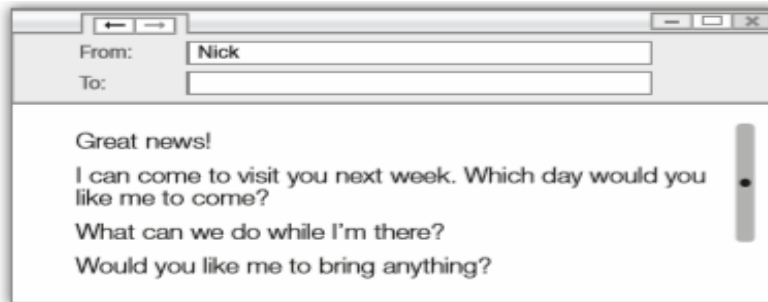

Daniil couldn't believe it. He wrote a letter to Frank, but he didn't think Frank could still be at the same address after 24 years. Surprisingly, Frank's parents still lived there. Frank was amazed when he read Daniil's letter. Later, Daniil and Frank spoke online in a video call. They were very happy!
